

Classic and Ever Popular... QSC Bag-In-Box System

SMALL CAPACITY

500 mL, 800 mL, and 1200 mL

The most convenient and widely used dispensing system today, Bag-In-Box from Triple S provides contamination-free sealed pouches with integrated dispensing tubes in a broad selection of products and sizes.

- 500 mL for dual/twin dispensers.
- 800 mL the most common size bag-in-box.
- 1200 mL to last longer, require fewer change outs and reduce labor. Utilizes the shorter, large diameter tube assembly.

Dispensers are available for both the 800 mL and 1200 mL in Black or Cream.

LARGE CAPACITY

3.5 Liter and 8 Liter

The same great features found in the smaller Bag-In-Box System but offered in a larger size. Ideal for any high volume application and particularly well suited to industrial applications. The QSC line includes general-purpose products, as well as heavy-duty and specialty products.

The same dispenser accommodates both the 3.5 liter and 8 liter packages and is offered in soil resistant industrial gray.

Classic and Ever Popular... QSC Bag-In-Box System

SMALL CAPACITY 500 mL, 800 mL, and 1200 mL
